

CM-100R

ComfortZone Gel Mattress Overlay

The ComfortZone CM-100R, Gel Mattress Overlay is designed to allow immersion into the mattress to provide pressure redistribution for the prevention and treatment of pressure ulcers.

- Three bladders of aqueous gel allow immersion into the surface to provide advanced pressure redistribution.
- Symmetrical design allows the mattress to be flipped end to end and side to side for increased product life.
- Gel bladders are encased in a high specification foam frame that enhances pressure redistribution and patient comfort.
- Patient surface is a soft nylon urethane coated, vapor permeable, water proof fabric. Zippered cover is replaceable.
- Meets the latest Federal flammability standards
- 76" x 34" x 3.5" Custom sizes available.
- Made in the U.S.A.
